Hello Mr. Justice—

I hope you had a great weekend. We may have good news regarding the standard for TTPC analysis. I understand Pace was able to find another supplier for the standard and I should know more early this week. I plan to provide you the requested memo regarding our report due date by close of business (COB) tomorrow, but will wait to hear the results from the lab regarding testing set-up for delivery of the other memo.

I provided both the 15.a.i and 15.a.ii reports via electronic transfer, thus your receipt of two documents is on point. I will ensure the work plans are also shared with you electronically by COB tomorrow. I will send an email when those have been loaded.

Thank you for sharing the EPA's TTPC results.

Should you have any questions, please do not hesitate to contact me.

Best regards,

Vicki Goodenow

Subject: Follow-Up

Good Morning Vicki,

I hope you are well. I just wanted to touch base with you and follow-up on several items.

- Please find attached USEPAs TTPC results from the most recent sampling event. Please let me know if you have any questions or concerns.
- I did speak with our Counsel and they are agreeable to adjusting the due date of the reports under the Order but as I thought, they would like the request put into a memo to document the request.
- Was the contact information I provided for the TTPC standard useful? If you decide not to run or are unable to analyze your TTPC samples, could you document that via a memo similar to #2 above.
- I did locate the two reports on my One Drive. Apparently the issue was that it was not syncing to my computer but once I logged in via the browser I was able to see the reports. There were two files correct?
- I do have one request if possible. Would you be able to post electronic versions of the Work Plans. I have hard copy plans that are pretty dog eared from use and reference and a good clean copy of the AOC Work Plan and amendments would be helpful. Thank you in advance for your consideration of this request.

That is all I have for now. Please let me know if you have any questions or concerns. I am on travel this week but will be back in the office next week but can be available if there is something important before then.

Thank you,

JJ Justice
